TEN PAGES—FIVE CENTS

4,000,000 Jobless, But Employment Rises

Rise In Loans To Businesses Is Good Sign

Washington, Aug. 3—(AP)—A rise in business loans—the first in 28 weeks—stirred government hopes tonight that the economic recession has hit bottom.

Their optimism was restrained by the fact that the census bureau reported today that unemployment rose above the 4,000,000 mark in July for the first time in seven and a half years. But they pointed to the fact that employment also rose to the highest level thus far recorded in 1949.

The situation with regard to business loans was this: for 27 weeks, bank loans for business purposes had been declining in record-breaking fashion until on July 20 they were \$2,757,000,000 below the all-time high reached last Dec. 22.

But today the federal reserve board reported that such loans by banks in leading cities increased \$16,000,000 in the week ended July 27. This brought them to a total of \$12,891,000,000.

The rise was comparatively small and was considered due in large part to seasonal factors—business borrowing to build up stocks for the fall and Christmas seasons. In fact, officials pointed out that the seasonal reaction was overdue, since such loans usually begin rising a month or two earlier.

But the fact that they rose at all, and thus reversed the long downward trend, was considered heartening by some officials, especially when taken in conjunction with other factors. These include a better-than-expected upturn in home-building, improved business in some textile and metals lines, and the summer recovery in the stock market.

In No Danger

A leading banker said today that the country is in no danger of a real depression.

Earl R. Muir, spokesman for the American Bankers association, said that a slight business pick-up already is in evidence.

There can be "no real depression when we have in the hands of millions of people some \$175,000,000,000 in savings and deposits, Muir told a senate banking subcommittee.

The census bureau reported that the number of unemployed increased from 3,778,000 in June to 4,095,000 in July—the first time since January, 1942 that it has exceeded 4,000,000. In July of 1948, the figure was 2,227,000.

Simultaneously, the number of employed rose from 59,619,000 in June to 59,720,000 in July—which is the highest figure so far registered in 1949. In July, 1948, the employed total was 61,615,000.

To Withdraw Suit Claiming 'Satira' Stole Her Hubby

Cleveland, Aug. 3—(AP)—A 34-year-old mother, who filed an alimony action naming dancer Patricia "Satira" Schmidt as a correspondent, said today she planned to withdraw the suit.

"It's all a mistake," Mrs. Louise Ann Salupo tearfully told reporters.

Mrs. Salupo had filed a petition in common pleas court Monday against her husband, Sebastian, 35, a union business agent for laundry and electrical workers.

She asked for separate maintenance and custody of her children, but not a divorce. Her husband, she contended, had kept the Toledo dancer at hotels in numerous cities and had pictures of her in his Cincinnati apartment.

Satira was pardoned last October after serving a year in Cuba for killing her married lover, John Mee of Chicago. She denied knowing Salupo.

Dutch Upper House Ratifies Alliance

The Hague, The Netherlands, Aug. 3—(AP)—Ratification of the North Atlantic treaty by the Dutch Upper House today brought the 12-nation pact within one step of becoming formally effective.

The treaty will go into effect when the instruments of ratification of the seven founding nations are deposited in Washington.

The Dutch first chamber's action today completed the ratification of the accord by all the original partners—the U. S., Britain, France, Canada, Belgium, Luxembourg and Holland.

The Dutch upper house approved ratification by 29 votes to 2, the negative ballots being cast by communists. The lower house accepted the pact July 19 by a 67-10 vote.

Solons Introduce Bills To Curb '5 Percenters'

Washington, Aug. 3—(AP)—Bills to curb "five percenters" were introduced by two senators today while a House committee invited Secretary of the Army Gordon Gray to testify Friday in a widening investigation.

The committee wants any information, Gray may have as to five percenters' activities in connection with the military uniform business.

Five percenters are persons alleged to be collecting fees for acting as middle-men between government and businessmen seeking government orders. The practice is not illegal, though it is officially frowned upon.

Senators Ferguson (R-Mich.) and Mundt (R-S.D.) offered separate bills to discourage the practice.

Ferguson's bill would require holders of government contracts to state in the contracts whether they paid a commission for help in getting the order, the amount paid and who received the money.

State Polio Death Toll Reaches 28

BILLION HOUSING AID BILL ADVANCES

Washington, Aug. 3—(AP)—A bill to authorize \$1,000,000,000 in federal loans to cooperatives for construction of moderately priced homes advanced a step in congress today.

Senator Sparkman (D-Ala.) said a Senate Banking subcommittee agreed to report the measure to the full committee for further consideration tomorrow.

American, British Chiefs Of Staff Map Pact Defense

London, Aug. 3—(AP)—Plans for defending the Atlantic pact nations of Western Europe took form today at the first conference of top-level British and American commanders here since the end of the war.

Following a closely guarded, four-hour conference, Admiral Louis E. Denfeld, U.S. chief of naval operations, said the completion of a defense setup under the North Atlantic treaty "might be done before the end of the year."

"I should not think it would take too long," Denfeld said, reporting "considerable progress" by the joint chiefs of staff of the two nations.

Denfeld, Gen. Omar Bradley, army chief of staff, and Gen. Hoyt S. Vandenberg, U.S. Air Force chief, met formally for three hours, then chatted informally an hour longer with British commanders. They were accompanied by Maj. Gen. A. M. Gruenther, U.S. joint staff secretary.

McKellar States Spending Money Is A Hard Job

Washington, Aug. 3—(AP)—Senator McKellar (D-Tenn.) told the Senate today that 33 years in the Senate have shattered his boyhood dreams about the joys of spending money.

As chairman of the Senate Appropriations committee, he has been responsible for more than \$30,000,000,000 in appropriations this year.

"As a boy," McKellar said, "I thought the greatest joy on earth would be to spend money."

"I never had any but I saw other people spending it."

"I've learned that spending money is a hard job if a man is conscientious—and as God is my judge I've been conscientious."

49 Of 72 Prison Escapes Captured

Morelia, Mexico, Aug. 3—(AP)—Forty-nine prisoners who broke from jail and barricaded themselves on a nearby hill surrendered today. One prisoner was dead, a prison guard was killed and the rest of the 72 prisoners who fled late yesterday still were at large.

Morelia is 150 miles west of Mexico City.

Soldiers from the Morelia garrison joined police in the pursuit and surrounded those on Santa Maria Hill. The prisoners escaped by rushing the penitentiary office, seizing Jose Martinez, director of the institution, and taking his keys. They then went into the armory and took eight rifles and some pistols. The largest group fled to the hill.

FORCES THEFT CHARGE

Chicago, Aug. 3—(AP)—James Konkel, 17, waived extradition today and was returned to Milwaukee to face a charge of stealing an automobile.

Konkel of 3809 S. First St., Milwaukee, was arrested yesterday morning. The three others also were returned to Milwaukee.

Aga Khan Waylaid, Robbed of Fortune In Jewels, Money

Cannes, France, Aug. 3—(AP)—Four tommygunners waylaid the fabulously wealthy Aga Khan and his wife today and seized jewels and money they valued at \$450,000 to \$800,000.

The Aga Khan was on the way to Deauville to visit his son, the Aly Khan, and the latter's wife, Rita Mayworth.

In the third big robbery in France within two days, the car of the 72-year-old Moslem leader was halted on a curve near his villa in the hills of Le Cannet, three miles north of Cannes. With him were his wife, the Begum, and a maid and chauffeur.

The gunmen used a black, front-wheel-drive Citroen, a French-made car. Police set up roadblocks throughout the province and later found the getaway car abandoned on a street in Cannes. Police had the Aga Khan, his wife, and their maid and chauffeur out on the road during the afternoon to stage a reenactment of the crime.

The bandits cut the rear tires of the Aga Khan's car.

"Guns were put upon us," the Aga Khan said, "but we were not fired upon. There were no shots fired."

The Begum estimated the jewels' value at 150,000,000 francs (about \$450,000). The Aga Khan said they were worth \$150,000 to \$200,000 (\$800,000 to \$800,000). He said they were insured for their full value up to the \$200,000.

Expert Says Many Old Folks Have TB And Don't Know It

Chicago, Aug. 3—(AP)—Many old folks have tuberculosis, but think they have asthma or bronchitis, a TB expert said today.

Dr. Julius B. Novak, medical director of the tuberculosis institute of Chicago and Cook county, added that "it is impossible to tell how many other people they have infected."

"For many years," said Dr. Novak in a statement, "tuberculosis has been considered the particular foe of youth, but in 1947 more than half—54.9 per cent, to be exact—of Illinois tuberculosis deaths occurred among persons 45 years and older, tuberculosis is no respecter of ages."

Speaking of campaign to get people to have their chests X-rayed, the institute director said, "many old people can not be X-rayed because of illness, but more often the oldsters fail to be X-rayed because they fancy they are 'too old' to get tuberculosis."

Johnson Meshes Military With US Foreign Politics

Washington, Aug. 3—(AP)—Secretary of Defense Johnson took steps today to mesh the nation's military machine with federal agencies fighting political battles abroad.

He set up an Office of Foreign Military Affairs to help keep the national military establishment in step with the national security council, the state department and other agencies in the field of "political-military affairs."

N. E. Halaby, a former state department official who became foreign affairs adviser to the secretary of defense in 1948, heads the new setup. He is a native of Dallas, Texas.

At the same time Johnson called Maj. Gen. James H. Burns out of retirement to be his special consultant on politico-military matters. Burns, then a colonel, was executive to Johnson when the latter was assistant secretary of war in 1939. Later he became executive of the powerful British-American munitions assignment board that Harry L. Hopkins headed during World War Two.

Farm Commodity Prices In Illinois Drop Two Per Cent

Springfield, Ill., Aug. 3—(AP)—A two per cent drop in Illinois farm commodity prices for the month ended July 15 was reported today by the state-federal agriculture departments.

Rises in prices of some grains were more than offset by declines in livestock and livestock prices.

The index for all commodities wound up at 246 per cent of the 1910-14 average, hitting the lowest level since September, 1946.

Beef cattle skidded 70 cents to \$22 a hundredweight. Hogs fell off from \$19.30 a hundredweight on June 15 to \$18.50 in mid-July. Poultry and eggs registered small losses.

Soybean prices strengthened, rising 22 cents to \$2.32 a bushel. Corn registered a four cent advance to \$1.25 a bushel. Wheat at \$1.77 was down eight cents and cats at 54 cents was off three cents.

Czechs Sentence Priest Refusing Sacrament To Red

Prague, Czechoslovakia, Aug. 3—(AP)—The Communist-led Czech government announced tonight sentencing a Roman Catholic priest on charges of treason for allegedly refusing to administer the last sacrament to a sick old woman because she held a Communist membership card.

The Rev. Alois Fajstl was sentenced by a state court to eight years imprisonment, the official Prague radio said. The priest denied the charge.

It was the first test here between the government and the Vatican on its recent decree excommunicating communists and those who willingly aid the Communist cause. Under the decree they are denied such church privileges as receiving the final sacrament.

The government announced through Communist Minister of Justice Alexei Cepicka on July 15 that anyone attempting to enforce the Vatican decree would be prosecuted for treason.

British Charges Of New Slavery In Russia Start Debate In U. N.

Geneva, Switzerland, Aug. 3—(AP)—British charges of a new slavery in Russia, organized on a mass production basis, today touched off a bitter debate in the United Nations economic and social council.

Amazasp Arutunian, Soviet delegate to the 18-nation council, immediately accused British delegate Corley Smith of trying to emulate the late Nazi propaganda minister, Joseph Goebbels, "by repeating the same lies and slanders which Goebbels disseminated."

The Russian spokesman gave several reasons for the British charges, most startling of which was that the accusations were a smokescreen to cover the activities of the American chiefs of staff who now are visiting western Europe.

During debate on a proposed investigation of forced labor, the British delegate presented to the

council a copy of the "corrective labor code" of the Soviet union, describing in detail how citizens of Russia may be sent to forced labor camps for political differences with their government. He estimated there were about 10,000,000 such persons in Russia.

Smith, without disclosing how the copy of the code came into British possession, asked the Russian delegate for a straight "yes or no" answer as to whether the Soviet Union would permit an investigation of its labor practices.

"Why must the Soviet Union guard its forced labor camps like some shameful secret?" the British delegate asked. "Is it that they dare not reveal the truth because it would strip the last shreds of credibility from their claim to being a progressive country where the workers are decently treated?"

Referring to a previous argument used in support of Russia's position by Julius Katz-Suchy, Polish delegate, that if there had been 10,000,000 slaves in Russia the Soviet Union would not have been able to wage war for four years, Smith said:

"I was much impressed by his forceful argument until I suddenly remembered that it was by no means impossible. In fact, it had already happened once in the last 10 years."

"The Nazis fought for six years and yet they must have had 10 millions in their concentration camps and doing other forced labor in Germany."

Arutunian struck back at the British delegate with a charge that England is the classical country of slavery and bondage in all forms. The majority of the population in Britain, the Russian said, "are hired slaves, compelled to work for the capitalist class."

Senate Kills Measure By 52-32 Vote

Washington, Aug. 3—(AP)—The administration won an important victory on the big foreign aid appropriation bill today when it beat back an attempt to require that \$1,350,000,000 of European recovery funds be spent for surplus U.S. farm crops.

A similar amendment to obligate \$450,000,000 of army funds for relief in occupied areas remained pending, but the Senate's decision made its chances dim.

The farm amendment went out on a point of order, upheld by the senate 52 to 32 when it was appealed.

Forbidden By Rules

Vice-President Barkley, the senate's presiding officer, ruled that the amendment offered by Senator McClellan (D-Ark.) was an attempt to write new legislation into an appropriation bill, forbidden by senate rules.

Senator Lucas of Illinois, raised the point of order. Senator McKellar (D-Tenn.) appealed from Barkley's ruling.

The decision, taken late in the day, removed the biggest threat to final approval of the measure, now confidently anticipated by its backers. A similar but somewhat more involved parliamentary dispute last week had sent the \$5,647,724,000 measure to the appropriations committee.

The bill contains \$3,628,380,000 for Marshall plan spending in the current fiscal year by the Economic Cooperation Administration (ECA), as well as \$1,074,000,000 EAC money for the last quarter of the 1949 fiscal year, \$900,000,000 for the army's government and relief expenses in occupied areas, and smaller sums to furnish economic aid to Greece and Turkey.

Insists On Consideration

In a lengthy speech, McClellan insisted on consideration of his crop amendment. If adopted, none of the money set up for the purchase of surplus crops would have been used for any other purpose.

McClellan called his proposal a taxpayers' amendment.

"It relieves them of paying out dollars for farm surpluses and the paying out extra dollars for Europe to buy those same products elsewhere," he said.

The Administrator Paul Hoffman contended its adoption would tie his hands and threaten the success of the entire recovery program. He stood in the corridor outside the senate chamber and conferred frequently with opponents of the amendment.

Senator Clinton Anderson (D-N.M.), former secretary of agriculture, denounced the proposal on the floor and urged its rejection. He said the United States should obtain its farm markets throughout the world on a basis of merit, not compulsion.

Newsman Have To
Strip To Cover
Nudist Conference

Denver, Aug. 3—(AP)—A reporter and photographer from the Denver Post had to take off their clothing to get pictures and a story of the nudists' conference near here.

Neither Dave Mathias nor his companion, reporter Blaine Littell, wanted to return to the office empty-handed. So they obeyed orders to strip.

Little's account of the incident: "They let us keep on our shoes and socks. They told us to tuck our matches and cigars in our socks."

"Following directions we disrobed in the men's dormitory. Minutes later we emerged, Mathias covering behind his speed graphic camera and this reporter fluttering his note paper like a fan dancer."

"The first moment was like one of those dreams in which you lose your pants on a crowded streetcar. After that it was a cinch. Nothing to it. All you miss are pockets."

BRIDGES MAY HELP
END HAWAII STRIKE

Honolulu, Aug. 3—(AP)—Harry Bridges is due in Hawaii Friday to take a hand in the 95-day dock strike of his CIO International Longshoremen's and Warehousemen's union.

Bridges got federal court permission to sail from San Francisco to come to Honolulu. He is free on bond on a federal indictment charging him with perjury in getting his citizenship in 1945.

All peace negotiations are at a standstill. His appearance in Hawaii may mean that talks will be resumed.

123,000 NEEDLES STOLEN

Chicago, Aug. 3—(AP)—The Torrington Co. reported today the theft of 23,000 needles—"almost enough to hide a haystack."

CHIANG IN KOREA

Canton, Aug. 3—(AP)—Generalissimo Chiang Kai-Shek left Peking today for Korea to discuss a Pacific pact against the communists, the official Central News Agency announced. The agency said he would make one stop en route to Seoul for discussions with President Syngman Rhee of the South Korean republic. It wouldn't say where.

3 Negroes Accused
Of Donning Masks

Ozark, Ala., Aug. 3—(AP)—Three negroes accused of setting up their own Ku Klux Klan—complete with white sheets—were charged today with violating Alabama's new anti-masking law.

They are the first to be charged under the law which was enacted by the Alabama legislature June 28. The statute provides for a fine up to \$500 for wearing masks or hoods in public.

State Investigator C. S. Prier said the trio admitted donning sheets to frighten two negro girls they accused of misconduct.

The negroes were booked as Tommie Johnson, Raymond McClendon and Robert Edward Lee Miller, all of Ozark.

THE COMEBACK OF GOV. EARL WARREN

Gov. Earl Warren of California began 1949 under heavy handicap. He had been second man on the losing Republican team in the 1948 elections. And that normally means diminished prestige and influence.

When the California legislature convened last January, his opposition looked stronger. On the national scene, his name was little mentioned.

Warren nevertheless waded in with a state program he believed the voters wanted. That included a record budget.

He had to buck his emboldened political opponents plus a host of hostile lobbyists, who are no puny adversaries in California. He had to talk big spending to legislators who were in an economy mood.

Accounts from the Pacific Coast now declare that Warren has won his fight after the longest legislative session in his state's history. He pushed his program to enactment and he held his leadership firmly at all stages.

A two-term governor, he is now in a strong spot to run again in 1950 if he wishes. For Californians are talking once more of Warren, the liberal GOP executive. The beaten vice-presidential nominee is forgotten.

But the governor's comeback is bigger than this. He was the standout among Republicans at the governors' conference last month in Colorado Springs. Roscoe Drummond of the Christian Science Monitor checked many reporters who attended that meeting, and summarized their views thus:

"Gov. Earl Warren of California was the most popular and on an all-around basis the most impressive Republican participant in public and private discussions."

Does this mean he will be regarded as a serious contender for the GOP presidential nomination in 1952?

On performance Warren would seem to merit such attention. But there is no assurance he will get it. He was largely ignored for the No. 1 post last year, although his record and his character were already well established.

Perhaps that's part of the trouble. His liberalism is there for all to see but it's a viewpoint not in the ascendancy in his party. Moreover, he is an extremely forthright man in a field where straight-forwardness is not necessarily regarded as wise.

There's more to it, of course. In 1948 Warren made only a belated, half-hearted try for the nomination. The presidency seldom seeks the man. He has to want it enough to go after it.

No one knows whether Warren does want the 1952 nomination. Past attitudes toward him in his party suggest that even hard work might not get it for him. But a man of his admitted stature probably ought to give the public a real chance to measure him against the presidency. Only he can decide how to provide that chance in the face of possible party barriers.

THE DOCTOR SAYS

Control Infected Birds To Retard Parrot Fever

By Edwin P. Jordan, M.D.
Written For NEA Service

Parrot fever, or psittacosis, is primarily a disease of birds, such as parrots, parakeets and love-birds. Several years ago in one shipment of 161 birds from South America, only 16 were found to be free of the virus which causes this disease.

It can spread to human beings from birds. In human beings it produces a high fever with symptoms in the lung, similarly to pneumonia. The virus can be obtained from the sputum of infected people, and when injected into mice produces the disease in the animals.

In 1932, 76 cases were reported in the U. S. and seven died from the disease. During 1933, only 15 cases and four deaths were reported. The rapid improvement came from a quarantine which was imposed on shipping parrots and similar birds between the states.

Stamping Out Disease
Since that time our public health services have been engaged in a continuous battle to eliminate psittacosis in susceptible birds. Infected birds have been destroyed and the importation of infected birds has been prohibited.

There is far less likelihood of contracting it now than the number of infected birds has been so strictly controlled. Those who work with the virus in the laboratory, however, are likely to become infected and occasionally infected birds are still found.

Psittacosis in human beings is something like virus or a typical pneumonia. Fortunately there is a specific test available which can be used to make the diagnosis definite. So far as treatment is concerned, special serum seems to shorten the course of human psittacosis. Quite likely some antibiotic similar to penicillin will soon be found which will still further improve treatment.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

BY EDWIN P. JORDAN, M.D.
Question: I have frequently been told that one should not use either sugar or cream in coffee. One person said the reason is that the sugar would ferment and the cream would curdle and sour.

Answer: There is no danger of either of these two things happening, provided the coffee is drunk while still reasonably fresh.

Public Can Have Old Wood Paving Blocks Beginning Next Week

Citizens will be welcome to pick up and haul away as many wood paving blocks as they desire when the Sangamo Construction Company begins tearing up the old pavements next week, Mayor Ernest Hoagland announced Wednesday.

"We hope the people make use of the old wood blocks for fuel," the mayor said. "Several truck loads will be turned over to the Salvation Army, but anyone is privileged to get wood blocks after they have been removed from the street by the contractors."

Wedding Ring Lost Since 1908 Found By Carrollton Man

Carrollton—A gold band wedding ring belonging to the late Mrs. F. L. Williams of Rockbridge and lost during the Greene County Fair in 1908 was found last Thursday by L. A. Hardaway, president of the Carrollton Lions club, as he prepared a pit for the Lions club chicken fry near the art hall on the fairgrounds.

The wedding ring, which was in excellent condition, was found about ten inches under the ground. It bore the engraving of F.L.W. to M.M.O. and the date September 20, 1905.

To establish the identity of the owner, Hardaway went through the files at the local Patriot office where he read of the marriage of F. L. Williams to Maude May Osborne on that date.

Three children of the couple are now living and their story confirmed the identity of the ring.

Mr. and Mrs. William Green and children, Mr. and Mrs. Henry Green and son and Mr. and Mrs. Jess Green attended the Dean reunion at the home of Mr. and Mrs. George Odowd in Hillview.

Mr. and Mrs. Bert Walls have returned from a two-weeks trip to Colorado, where they visited relatives in Yuma, Loveland and Fort Collins.

Mr. and Mrs. Keith Hart and children of Edwardsville visited here at the home of Mrs. Hart's parents, Mr. and Mrs. Ed Estler.

12 BOYS RETURN FROM 10-DAY STAY AT Y.M.C.A. CAMP
The 12 boys who have been attending Camp Seymour, the YMCA camp near Decatur, returned home Wednesday. They were driven home by Mr. and Mrs. John Klump, Mrs. Edward Moy, Mrs. John T. Whelan and Mrs. Charles Williamson.

During their ten-day stay at the camp, the boys have enjoyed a wide variety of recreational activities and handicrafts. One of the boys, Charles Williamson, Jr., was chosen to act as counselor part of the camping period.

The group attending included Worth Schumacher, Gerald Samples, John Klump, Rona McNear, Charles Williamson, Jr., Jimmy Williamson, Dean Perkins, Danny Moy, Myron Hamey, Francis Robinson, Mike Whelan and Neal Bullington.

Boyle's Column
By HAL BOYLE
New York—(P)—Every year or so a man opens his morning mail and finds a pleasant surprise—or a real opportunity.

That's how lucky I am today. I've got a chance to take a free ride to Mars!

Mayor Hoagland said the wood blocks, many of which have worn down and split under the pounding of traffic, will be hauled to several vacant lots and dumped. It is from these lots that the public will cart them away to burn in stoves or grates.

The blocks have been heavily impregnated with creosote since they were laid in 1917. Some say they will burn with such intensity that they will not make good firewood. But a good many takers are expected to be on hand when the blocks are pulled up.

City officials said the first wood blocks will be removed next Monday, Aug. 8, at the corner of South Sandy street and West College avenue. The work will extend from that point to the public square; then on Morgan street to West street, and up West street to State street.

After the removal of the old pavement, the installation of 12 inch storm sewers will begin. Half of each street will be left open to traffic, but no parking will be permitted on loop streets under construction. The public will travel these streets at its own risk, according to city officials who have already posted notices to that effect.

One Way Traffic
One way traffic will be in effect on one side of the loop streets during the construction period.

North Sandy, West Court and North West streets will be the scene of activities after South Sandy, Morgan and South West are torn up ready for sewer installations.

Employees of the Illinois Power Company are working in conjunction with the pavement contractor in making gas connections.

Within a few weeks the paving activities will extend throughout the loop district, as the construction company moves ahead toward the probable completion date of Dec. 1. Weather conditions will figure in the progress of the big project, one of the most extensive in any downtown city this summer.

Hold Rites For Former Jersey Man Wednesday

Jerseyville—Funeral services for Leo P. Heneghan, brother of Supervisor Gus Heneghan of Jerseyville, were held at 9 a. m. Wednesday at St. Luke's Church in St. Louis and interment was in Calvary cemetery.

The deceased died Aug. 1 at his home in St. Louis. He was the son of the late Mr. and Mrs. Phillip Heneghan of Jerseyville and was born in Jersey county where he spent his early life. For some time he has resided in St. Louis and was purchasing agent for the Fulton Bag Co. in that city.

He was a member of the Jerseyville Council Knights of Columbus, and St. Vincent De Paul and Holy Name Societies, treasurer of Fontbonne College Fathers' club and of the Catholic War Veterans.

Surviving are his widow, Mrs. Gertrude Seager Heneghan; his children, Mary June, Patricia Fay, John Charles and Barbara Sue Heneghan of St. Louis; and his brothers, Matt, of Decatur; Gus, of Jerseyville; James F., of New York and George E., of St. Louis.

NAZARENE SOCIETY WILL MEET FRIDAY

The Woman's Foreign Missionary society of the Church of the Nazarene will meet in regular session Friday evening at the church, with the president, Mrs. George Thies, in charge.

Mrs. Ida Petty will have charge of the lesson study, taken from the 11th chapter of the study book. This will be the last meeting before the district meeting. All members and friends are urged to be present.

The Chinese use fans to blow up fires, dust furniture, cool food and tea and shade their eyes from the sun, among other things.

Ways to Save

If you were a Tahitian native you would "save for a rainy day" by sun drying sea cucumbers, or rori, which have a ready market in China for use in making soup. Rori are thumb sized and shaped jelly fish that have such a powerful smell when being dried that they must be kept "down wind" from the village. They are very tough when dried and require hours of cooking, but are said to have a marvelous flavor.

Bronze Star Medal For Lt. Dodds

Randolph Field, Texas—To be awarded the Bronze Star Medal for meritorious service performed under enemy fire is a proud distinction. And to have the decoration presented by the Surgeon General of one's military department is a unique distinction seldom experienced. But that is just the experience that First Lieut. Joseph N. Dodds, son of Mr. and Mrs. J. A. Dodds, 351 South Diamond street, Jacksonville, Illinois, can long recall with pride. For on Saturday morning, July 30 Maj. Gen. Malcolm C. Grow, Surgeon General of the Air Force, presented the medal to Lieutenant Dodds for meritorious achievements carried out under enemy fire in the Pacific campaigns.

The presentation was made before the assembled staff of the School of Aviation Medicine, where Lieutenant Dodds is presently assigned, and a group of high ranking military and civilian medical department officials from Washington who were visitors to the medical school on that day. General Grow was one of those visitors, and very appropriately made the presentation.

The citation accompanying the decoration was issued by Headquarters, 40th Infantry Division, on July 22, 1945, and set out that the Bronze

Star Medal was awarded to Lieutenant Dodds for meritorious achievement in connection with military operations against the enemy on Luzon, Panay and Negros in the Philippine Islands, from January to 2 June, 1945. The citation further said that:

"Lieutenant Dodds, as an ambulance platoon commander of a medical company, had charge of the ambulance evacuation of all casualties from an infantry regimental combat team and attached units. Against tremendous difficulties, because of the worn condition of his vehicles and the long and widespread routes that had to be used, he displayed the most profound loyalty and devotion to duty, and with his efficient evacuation service a great many lives were undoubtedly saved. Reconnaissance necessary for establishing routes brought Lieutenant Dodds under enemy fire upon many occasions, but he dispatched his duty unflinchingly."

At the School of Aviation Medicine, located on Randolph Air Force Base, Lieutenant Dodds is Academic Services Officer in the education section of the school secretariat division. He was married and lives at 1102 East Grayson street in San Antonio. He still claims Jacksonville, however, as his permanent home.

Production Credit Officers Praised For Local Record

Farmers in the four Illinois counties served by the Jacksonville Production Credit Association, represented by the board of directors, were complimented for "progress made toward the goal of complete farmer ownership and operation" of their association at the sixteenth anniversary Production Credit meeting at St. Louis this week. At the meeting three more PCA's paid off the Government completely, bringing the total to six for the district.

W. S. Brock, president of the district supervising corporation at St. Louis, commended the association for having paid back to the Government \$80,000 borrowed to help it get started. The association was represented at the meeting by Lorenzo Burrus, Arenzville, president; J. Fred Moller, Jacksonville, vice president; G. E. Spencer, secretary-treasurer, and W. Irving Brown, of Oakford, Leroy O. Castle of Bluffs, and Arthur C. Wilson of Murrayville, directors.

C. R. Arnold, Production Credit Commissioner, told the meeting that virtually all of the 563 associations in the United States are now operating in their own member income and that as a group the associations have over \$50 million accumulated savings. Members own over \$60 million of stock. PCA's that are now wholly member-owned total 56 and are located in about half of the States in the Union. More will be added to the list next fall, he predicted. Both the amount and number of loans made in the St. Louis district showed an increase in the first half of this year compared to the first six months of 1948.

SHE HAS A NAME FOR IT—"I call it sculpture," says artist Jannette Sherman, 24, of Detroit, as she explains to befuddled visitors to the Modern Art Exposition in Paris the symbolism of her decorative work. She explains, "It has in it the feeling of the sky, the sea, the mountains," and believes it contains all the forms used in sculpture.

Publicity Gag Backfires

New York—(P)—Bob Sayre, a press agent, is prematurely gray anyway. Otherwise results of one of his latest gags might have made him so. Bob drew the chore of publicizing the movie "Rope of Sand" which is laid in South Africa's diamond fields. He and his red-headed wife spent several evenings putting glass diamonds into envelopes. The envelopes were distributed where they would do the most good. The stunt was a grand success. Bob's boss was happy, gave Bob a bonus.

WHITE HALL

White Hall—Miss Marcella Kirgan who is in nurses training at the Cradle, Evanston, spent the week end in White Hall.

Betty Joe Thompson of St. Louis was a recent guest of her aunt and uncle, Mr. and Mrs. Joe Westledge. Mr. and Mrs. James Frazier were Sunday night supper guests of Mr. and Mrs. Glenn Rafferty near here. Mrs. Frazier and her mother, Mrs. Bess Ewart spent Sunday with Mrs. Ewart's mother, Mrs. James Howard, at Walkerville.

The Past Noble Grand club will meet Wednesday night Aug. 3 at the I.O.O.F. Hall with a potluck supper at 6:30. Mrs. Gussie Frazier and Mrs. Winnifred McGovern are co-hostess' in charge of the evening's supper and program.

Mr. and Mrs. Bob Sackman had as their guests Mr. and Mrs. Clive Rafferty and Mrs. Bertha Lenton of Springfield. Mr. and Mrs. Carlos Morrow were also Sunday dinner guests of the Sackmans.

Mr. and Mrs. William H. Brown Jr. and family spent the week end in Canton and attended a family reunion held at Mr. Brown's father's near there.

The Nash reunion will be held at the Lions park, Sunday August 7 with a basket dinner served at noon. Mr. and Mrs. Grover L. Thompson, of Jacksonville attended the funeral of Mrs. Florence Finley here on Monday. Mrs. Thompson is a cousin of the deceased.

Mrs. Rachael Fitzgerald suffered a fall on Saturday going to a neighborhood store and her face was cut and bruised.

Mrs. Erma King and Charles Henson, both of Hillview, were united in marriage on Saturday morning at 10:00 o'clock at the home of Rev. John Alexander.

Lesnevich Will Go For Knockout In Charles Bout

By JACK HAND
Summit, N. J., Aug. 3.—(P)—Confidence oozes from Gus Lesnevich as he trains for his title bout with Ezzard Charles, the NBA heavyweight champ, at Yankee Stadium a week from tonight.
"I'm going to beat him," said muffled-faced Gus. "I'll go for a knockout if I can."
"I'm satisfied the way he came along the last few days," said Joe Vella, Gus' Roly Poly manager.
Gus trains in a ring that is pitched under a wooden canopy on a side hill. If you want to see him you skirt a mountain, bypass a canvas wall and squat on the hay with the grasshoppers.
He May Open Up
Chickens overrun the back yard of the house where Lesnevich lives.

.... That is, all the chickens that have escaped the junior Grazianos and Lesnevichs. A couple of sheep wander in the deep grass, alert for idle 10 per cent fight managers with shears.
They call Gus the Russian lion but he really is the same friendly 35-year-old fellow who owns his own home at Cliffside Park, N.J.
After five rounds of sparring with Henry Hall and Bernie Reynolds, Gus let the fight writers corner him.
"Yes, I'm ready if it has to go 15 rounds," he said. "I won't bet cautious. I think I'd open up if I get him hurt."
Thinks Egan Wrong
"No, I think Egan (chairman Eddie Egan of the New York State Athletic Commission) is wrong in not recognizing Charles. He's a good fighter and it will be a good fight but I'm going to beat him."
"Do I think Joey Maxim is better than Charles? Well, I think he is a better boxer. Who would I compare Charles with? He makes a few moves like Billy Conn and some like the Alabama Kid only he was a left-hander.
"I'm not worried about my eyes getting cut. I've been using some special stuff on them; weight? Oh, about 180."

Tunes Up For Boat Races Sept. 4

Officials of the Mid-State Outboard Racing Association, announced Wednesday that the course survey has been completed on Lake Mauvaisterre, for the championship races which will be held by the Jacksonville Boat club on Sept. 4. The course to be used will be one-half mile, with three buoy turns and will lay directly in front of the parking area to the west of the club house. The starting line will be 100 yards from the first turn buoy on the south side of the course. The official judges stand will be in the center of the course. The judges to represent Jacksonville for this event will be Mayor Ernest Hoagland and Robert A. Fay of the Journal Courier.
This championship race will be the largest in the midwest this year and will have the fastest drivers in the area present to compete for the crown and championship of the association. Boat club officials are preparing docking facilities for 100 boats, and a crowd of 10,000 people.
Don Frazier, last year's National champ, class F, will be on hand with many other top drivers to defend their crowns and try for the mid state championship. One of the sharpest contenders for the crown is Chuck Lauck of Peoria, who is pictured above making a trial run, in his 50 horsepower hydroplane.
Outboard motor boat racing has proved to be one of the most popular of spectator sports in the country today, and the Jacksonville Boat club is pleased that Jacksonville has been selected for the mid state championship race. The race is expected to bring fans into Jacksonville from all over the midwest for the Labor Day weekend.
The Boat club is terming this race the Lee Wolke Memorial Regatta, in honor of the late Lee Wolke, a charter member of the club and big time outboard race driver of yesteryears.

The big celebration of "Zupke Day" at Champaign will be held Oct. 29, when the Illinois-Michigan game will be played. Robert C. Zupke is retired Illinois football coach and the Michigan game is a very appropriate date to honor "Zup." It will mark the 25th anniversary of the Illinois' 39-14 win over the highly regarded Michigan eleven when Red Grange performed in the great game of 1924, the Stadium Dedication date.

Selling Pressure In Wheat Forces Prices Down

Chicago, Aug. 3.—(P)—Selling pressure increased against wheat late in the session on the Board of Trade today. Prices dipped under the previous close.
The selling in wheat followed news of an easier trend for cash wheat at Minneapolis. Low protein grades were off most, bringing their loss for the week to around 14 cents.
Soybeans, which ran up a couple of cents in early trading, retreated with the rest of the market toward the close. Early buying was based on firmer prices for vegetable oils. Corn was easy all session. Oats showed more strength than anything else, resisting the late selling pressure.
Receipts were: wheat 85 cars, corn 77, oats 69, rye 7, barley 16, soybeans 21.
Wheat closed 3-12 lower, September \$2.02 1/2, corn was 2 to 2 1/2 lower, September \$1.25 1/2-1.26, oats were 1 to 1 1/2 higher, September 66 1/2, rye was 1 to 1 1/2 lower, September 14.91-1.49, soybeans were 13-23 lower, November \$2.33 1/2-1, and lard was 17 to 40 cents a hundred pounds lower, September \$12.47-12.52.

CHICAGO LIVESTOCK MARKET REPORT

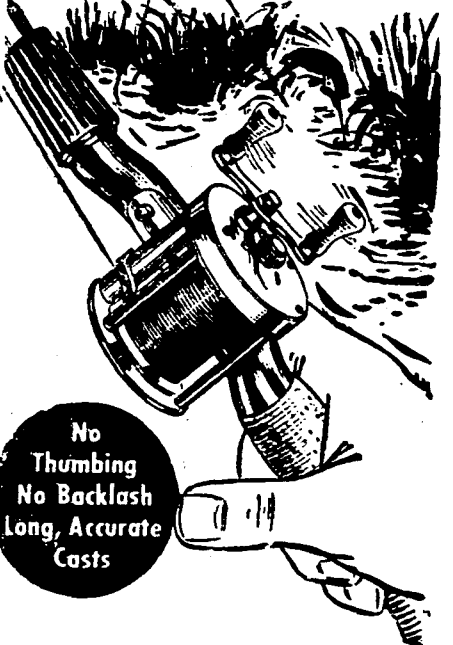

Chicago, Aug. 3.—(P)—Livestock prices were mixed today. Hogs moved 25 to 50 cents higher, cattle were unevenly 25 cents lower to 50 cents higher, and sheep were steady.
Good and choice barrows and gilts sold mostly from \$21.75 to \$23.25, the day's highest price. Some heavies sold down to \$20.75, but weights above 290 pounds were scarce. Sows took \$14.50 to \$20.50, mostly, a few going up to \$21.50, highest since November—and a few as low as \$13.50. Clearance was good.
Steers and heifers were on the easy side of the market, choice topping at \$28.25 and \$27.15 respectively. Good and choice steers brought \$25.00 to \$27.00 and heifers \$25.00 to \$26.75. Good cows ranged downward from \$18.00, good bulls from \$20.50, and choice vealers from \$23.00.
Idaho spring lambs topped at \$25.25, followed by natives at \$25.00, yearling wethers at \$20.50, and ewes at \$9.50 and below.
Receipts on sale included 9,000 hogs, 11,000 cattle, 400 calves, and 1,500 sheep.

Lucky Boys Win 1st Place In 'Y' Softball Tourney

The Y.M.C.A. softball tournament for young boys ended Tuesday, with the Lucky Boys capturing first place over the three other teams.
The final standings were Lucky Boys six wins, no losses; Jefferson Cardinals, four wins, two losses; Washington Midgets, two wins, four losses; and Center Street Yankees, no wins, six losses.
The tournament lasted six days with all teams meeting each other twice. The games were played on the Academy lot, behind the Y. M. C. A. Youth Center.
The winning team was sponsored by the Lucky Boy Bakery.

New York Stock Market

New York, Aug. 3.—(P)—The stock market barely avoided a serious dent in its summer advance today. A pick-up in prices at midday more than wiped out early declining tendencies. It also provided just enough of a cushion against a later sell-off, to hold quotations about at previous levels.

Aided by transfers of sizeable blocks of low-priced issues, total turnover reached around 1,300,000 shares for the fastest pace in more than a week.

Bonds remained in a narrow range.

Why the Finest Beer Is DRY—not Sweet

Down through the years dry beer has been the choice of people who really appreciate a good glass of beer.

Dry Beer Is Beer As Beer Should Be!

Dry beer has not even a trace of sweetness. It has the true beer character—a clean, cool taste, a deep, rich flavor that is satisfying and refreshing. And... there is *no clinging after-taste!*

Stag Is The Original Dry Beer!

Stag beer is made from a three-centuries-old and well-guarded dry beer formula. Try a bottle of Stag Beer. Then you'll really know what DRY means in beer... and you'll appreciate why smooth, dry Stag Beer is the *leading seller* in St. Louis, city of many fine brews.

Jacksonville Teams Bow Out In District Tournament Tangles

Chicago Bears Begin Training For Grid Campaign

Special — The Chicago Bears launch their 30th year in football today as head Coach George Halas leads a squad of 48 players to St. Joseph's College, Rensselaer, Indiana, to begin training for the 1949 National Football League Campaign.

Headed by such stars as Sid Luckman, Johnny Lujack, Bulldog Turner, George McAfee, Fred Davis and Ken Kavanaugh, the Bears will assemble at Wrigley Field shortly after noon. They will attend the Cub-New York Giant baseball game, and then move off for Rensselaer at 3 p.m. Besides 48 players, Halas will be accompanied by his coaching staff, consisting of Luke Johnson, Hank Anderson, Paddy Driscoll and Gene Ronzani, and equipment managers. Trainer Ed Roxy arrived at camp yesterday but Andy Lotshaw, who has been the Bears' trainer for the past 29 years, will not join the club until after the baseball season.

Moose Juniors Clinch League Honors With Win

The Moose Juniors sewed up the American league pennant as they romped to a 13-6 win over the Squires at the Northside field last night. Maintaining an undefeated record through the junior circuit schedule, they coasted to win after win to emerge the victors in the fast 'kid' loop.

The Trinity boys club knocked the Rogerson Coal Co. representatives back into a tie for the National league lead with the Coca Cola kids by an 11-1 count. Both the Rogerson and Coke youngsters have a record of 7 wins and 2 losses in loop competition. The outcome will be decided Monday night when the two outfits clash at the Northside park.

Athletics Defeat White Sox 3 To 2

Philadelphia, Aug. 3—(P)—Rookie first baseman Hank Bissatt's first hit of the season paved the way for the Philadelphia Athletics 3-2 victory over Chicago tonight. Bissatt's eighth inning double with two out followed Wally Moses' single and when right fielder Dave Philley booted the ball, Moses scored with the winning run.

Bissatt, who took over for Ferris Fain two days ago when the regular first sacker was forced to the sidelines by a minor operation, had gone hitless in 17 previous batting chances before he belted his two-bagger of Bill Wright.

The hit broke up a pitching duel between Wright and Joe Coleman, who picked up his ninth hit decision. The Sox had the tying run on base in the ninth when Floyd Baker tripled with two away but Coleman got pinch hitter Gus Zernial on a long fly.

Games Tonight

Quarter-Finals
Jacksonville Elks vs. Jacksonville Pepsi Cola (7:30 p.m.)
Jacksonville House of Clay vs. Carrollton Lions (8:45 p.m.)

Competition became keen at the Southside park last night as district tournament teams swung into the quarter-final round. Two bitterly contested bouts resulted as the teams buckled down to the task at hand and determined to fight their way into the semi-finals.

The only blight on the two head-to-head performances was the fact that Jacksonville fans went home disappointed when both of their teams were dropped from the tourney by the two invading nines.

Winchester Nips Moose
Tom Comerford—Winchester V.F.W. shortstop—lofted a long fly ball into right-centerfield and Dick Lashmet scored from third base after the catch in the seventh inning to give the Scott county nine a narrow 5-4 victory over the Jacksonville Moose in the opening encounter.

The two ball clubs were about as evenly matched as any pair of teams could be, and slugged it out toe to toe for the entire seven innings. Opposing pitchers, Tapscott for the Moose and Kleinschmidt on the Winchester mound, were very stingy with the hits, but when the hitters did connect, the ball set sail. Seven doubles were tallied at the conclusion of play. One triple was the long blow of the contest.

Winchester enjoyed a big inning in the last half of the third frame when they chalked up three runs on three hits and a Moose bobbie. The Moose hitters teed off on Kleinschmidt's offerings in the opening frame to push two runs across the plate. Aside from those two periods, scoring was limited to a single run per inning.

Roodhouse Edges K.C.'s
The second tangle of the evening was even more heated than the first with both the local K. of C. club and Roodhouse Flyers registering a bare minimum of runs. The Roodhouse bunch finally eked out a 2-1 decision over the Jacksonville bunch after some nice play which featured some nifty infield work by the K.C. inner-defenses.

Both teams greeted the opposition's twirler with hits and a lone run in the first inning. Roodhouse counted its winning marker in the fifth inning when pitcher Vinyard chased a mate across the dish with a single to left field.

The Roodhouse gang connected for nine safeties off K.C. hurler McGrath, but several of these hits were held to harmless singles when K.C. infielders turned in some sparkling stops. Mussato at shortstop for the Knights was especially brilliant on defense.

The K. of C. batsmen could reach Roodhouse pitcher Vinyard for only three hits during the evening.

This evening's tussles will conclude quarter-final play. The semi-finals will feature Friday night's play, with the finals getting underway Sunday.

ESCAPING PRISONERS IS HABIT FORMING

Salt Lake City, Aug. 3—(P)—Two trustees walked away from the State Penitentiary Farm yesterday. Their escape brought to 15 the number of escapes from the prison in recent weeks.

Today motorists on U.S. Highway 40, which skirts the prison property, could read a large sign, posted by some resident of the neighborhood: "Drive slow, prisoners escaping."

Yanks Come From Behind To Beat Tigers 7 To 5

New York, Aug. 3—(P)—The New York Yankees blew a 4-0 lead today, but rallied for three runs in the eighth inning to come from behind and defeat the Detroit Tigers 7-5.

Cliff Maves, a part-time outfielder, delivered the winning blow, a clutch single to center that brought in Joe DiMaggio and Bobby Brown with the winning runs. The hit came off Virgil Trucks, who had just replaced loser Marvin Grissom on the mound for Detroit.

Tommy Henrich, who earlier had hit his 18th home run and a double, began the winning rally with another two-bagger, a fly ball that fell at the feet of rightfielder Vic Wertz. After Yogi Berra had fouled out, DiMaggio singled to bring in Henrich with the run that made it 5-5.

Brown sent Joe to third with a right field line double. That finished Grissom and brought in Trucks.

The Yankees got their other runs on Berra's home run in the first and the catcher's two-run single in the sixth. Held scoreless for six innings by Tommy Byrne, the Tigers finally got to their old nemesis for a single tally in the seventh.

Hoet Evers singled with one out, moved to second on a walk to Johnny Lipton and scored when pinch hitter Pat Mullin singled to right. The Bengals, finally drawing blood, chased the erratic southpaw to the showers in the eighth with four more.

Giants Outslug Chicago Cubs 4-1

Chicago, Aug. 3—(P)—Held hitless through the first six innings, the New York Giants came on with a rush in the closing frames today to knock young Bob Rush out of the box and defeat the Chicago Cubs, 4-1, for their sixth straight victory.

Lefty Dave Koslo pitched a five-hitter to register his seventh triumph. He lost his shutout bid in the sixth when Hal Jeffcoat doubled with two out and scored on a single by Herman Reich.

Only a third inning walk to Koslo marred an otherwise perfect performance by Rush for six innings. In the seventh, however, Whitey Lockman opened with a single and advanced to third on walks to Sidney Mize and Willard Marshall. Sid Gordon then singled to drive in Lockman and Mize.

After Ray Mueller singled to open the eighth, Rush complained of a lame shoulder and was replaced by Warren Hacker. Koslo doubled Mueller home and counted himself on singles by Henry Thompson and Lockman.

Assistant Coach At Shurtleff Is Moved To Top Post

Merle Pearce, who for two years has been assistant coach at Shurtleff College, Alton, Illinois, has been named head coach to fill a vacancy left by Le Roy Heminger. Heminger resigned to accept a coaching berth at his alma mater, Franklin College.

Pearce received the B. A. degree at University of Illinois in 1942 and immediately entered the armed forces where he served in an anti-aircraft unit. He returned, after three years, to Illinois University where he taught physical education and studied in the graduate school. He received the M. S. degree with a minor in physical education in 1946.

Pearce served as assistant football coach at Alton High School in the fall of 1946 and was head coach of track in 1947. He has been at Shurtleff two years, during which time he originated the annual Shurtleff relays which have been held during the spring.

Shurtleff College is a member of the Pioneer Athletic Conference.

Dodgers Wallop Pittsburgh 10-5

Pittsburgh, Aug. 3—(P)—Duke Snider batted in five runs today with a single, double and his 16th home run of the season to lead the Brooklyn Dodgers to a 10-5 victory over the Pittsburgh Pirates.

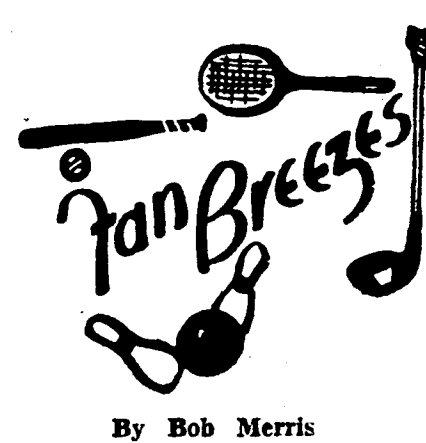

The triumph, their third in a row over the Bucs, enabled the Dodgers to move into a temporary tie with the St. Louis Cardinals for first place. The Cards were slated to face the Boston Braves in St. Louis tonight.

Carl Erskine, freshman right-hander, who rejoined the Dodgers in mid-season, recorded his first victory, limiting the Pirates to six hits.

Pete Castiglione, Pirate third baseman, hit his fourth homer of the year in the seventh. It came with two aboard.

Elmer Riddle was charged with his eighth loss. He has won but one game.

175 Kids Made Happy

When the 45-car caravan rolled out of town this morning carrying 175 happy Jacksonville kids to the St. Louis Cardinal-Boston Brave baseball game in the Mound city, those responsible for the project from the local aspect viewed the procession with the well-earned pride of a job well done.

The Jaycees in general and the committee in charge in particular are to be most enthusiastically commended for their part in carrying out this worthwhile civic program. Mr. Fred Saigh, Cardinal proxy, served no minute part in the trip since it was through his cooperation that the kids were admitted free of charge into Sportsman's park. Walter DeShara, who handled the pencil-pushing aspect of the job, in registering the young fans and auto drivers, also deserves a great big pat on the back.

The St. Louis Cardinal management's cooperation in the plan is enhanced a great deal by the present position of the Redbirds in the pennant race. Sellout crowds are becoming the rule rather than the exception at the Cardinal plant; and the fact that the approximate 230 Annie Oakleys dished out to the Jacksonville delegates for today's vital contest represents about \$500 to the organization, further elevates them in our humble opinion.

Even the Illinois and Missouri state police got in the act. Escort was provided the caravan on both sides of the river by the respective state's law guardians.

It all boils down to this. Under the joint cooperation of 175 adults, 175 Jacksonville children will see a top-flight major league baseball game. To some of the kids, it will be old stuff, but to the majority it will mark their debut as fans under the big top, and to a definite minority, it will be the last session at Sportsman's park.

Jack Hackett — Journal-Courier staff photographer—has tackled a difficult assignment for us. We are making an attempt to snap team pictures of every softball squad, both senior and junior, in town. To date, he has photographed about 5 teams, but by catching one or two teams in uniform a day, the total is steadily mounting. If any team manager—senior or junior—plans to have his outfit in uniform for a practice session or game, please notify this paper's sports desk and Jack will be on the job pronto.

Boston Red Sox Whip Browns 9-3

Boston, Aug. 3—(P)—Ellis Kinder set a new 1949 high for Red Sox pitchers today by striking out 14 batters as he paced the Boston American leaguers to a 9-3 triumph over the last place St. Louis Browns.

The American league record for strikeouts is 18, held by Cleveland's Bob Feller.

The Boston right hander, who recorded his 12th victory of the season against five defeats, was added to victory over his former team by two explosive innings.

The Sox batted around for four tallies in the sixth, three of them scoring on Bobby Doerr's 13th homer of the campaign.

They batted around again in the seventh for their other five runs. St. Louis 000 000 120—3 7 1

Redbirds Maintain NL Perch, Scalp Braves

St. Louis, Aug. 3—(P)—Howie Pollet's strong left arm kept the St. Louis Cardinal's heads above water in the National league pennant race as he blenked the Boston Braves 7-0, to keep alive the Redbirds' half-game lead over the pursuing Dodgers.

Pollet allowed four hits and struck out six in what was probably his best pitched contest of the season. He walked one.

A five-run outburst in the fourth inning for the Redbirds took the pressure off Howard so he could concentrate on the batters without worrying about any men on base. Two of those four hits against him were doubles—one by Bob Elliott and the other by Connie Ryan—but the runners were left on base.

Johnny Antonelli was the victim of the Cardinal bats. It was the fifth straight time this year the Redbirds have defeated him.

The Cards pushed a run across in the first frame when Chuck Dier-

Cincinnati Downs Philadelphia 2-0

Cincinnati, Aug. 3—(P)—Ken Raffensberger held Philadelphia to two hits today as the Cincinnati Reds downed the Phils, 2 to 0.

It was the veteran southpaw's fifth shutout of the season and his 11th win against as many defeats.

Robin Roberts was the losing pitcher. He allowed eight hits as he evened up his record 10-10.

Danny Livshiller's 383 foot home run in the fourth inning gave the Reds their first marker. The locals counted again in the eighth on Grady Hatton's single, a sacrifice and Johnny Wyrostek's safety.

REDS CAPTURE PINGLIANG
Canton, Aug. 3 — (P) — Chinese Communist troops have captured the gateway city to Lanchow, stronghold of Moslem warlord Gen. Ma Hungkwei in northwest China. Nationalists today admitted that the city, Pingliang, had fallen. An army spokesman said, however, that the open country there made Pingliang hard to defend.

DOWN TO THE SEA IN CYCLES—Things move in cycles, they say, but so do people, as these two Finnish boys demonstrate. They crossed the Gulf of Bothnia, which separates Finland and Sweden, taking only 1,120,000 "cycle steps" on this self-made amphibious cycle. Here the boys, Matti Naranen, left, and Reino Karpio, land in Sweden after their 28-mile crossing.

THE STORY: A wealthy widow, Mrs. Everson, has fled with her servants in two giant trailers to "a place of safety" from atomic bombs, which she believes will rain in a war that is impending. In the party are Mrs. Malone, cook and housekeeper; the Marchese DeLacuna, Mrs. Everson's companion; Rudi, the handsome chauffeur; and Victor, the houseboy. Mrs. Everson tells Mrs. Malone that they will have to remain here, in the canyon country, for several months and that the radio will inform them of the end of civilization in atomic warfare. But just before a dinner celebrating their arrival, Mrs. Malone notices the air is still and stuffy, "as if a gigantic shape had passed between the earth and sky" and the air is still and quiet. Nothing stirs.

XXI

RUDY and Victor were unloading the truck. Crates, barrels, metal cylinders, batteries, boxes were stacked in the sand.

Mrs. Everson seemed to be supervising the job. She sat on one of the crates, displaying her beautiful legs, and checked off the supplies on a typewritten list.

When Victor came into the kitchen at 5 o'clock, he seemed morose. Mrs. Everson, he said, had decided that all the stuff must be re-loaded in the morning and hauled out of the river-bed into the forest. The big trailer would be shifted, too. Mrs. Malone wondered why.

Victor was very tired. "Strange weather," he said. "It makes my head ache, and I have a pain behind my eyes."

"Maybe it's happened!" Mrs. Malone cried.

Her heart seemed to catch, to stumble, to turn over.

"No," Victor said. "I thought of that. The radio is just as usual. Bob Hope is on. The audience is laughing and whistling."

Dinner was ready to serve at 7 o'clock, but Mrs. Everson was 10 minutes late. When she appeared she was dressed as if for

a state banquet or an opening night at the opera.

She wore a dress made of pale gold lace, cut very low to display her smooth, brushed shoulders. Her hair had been brushed and burnished; she had twisted it into a sort of one-sided coronet, a barbaric ornament in itself.

Around her throat, descending in three strands across the splendor of her breast was a necklace of square emeralds. Diamond and emerald bracelets clasped both arms, so that with every gesture she seemed to scatter sparks. Her feet were lightly shod in gilt sandals, the toes bare and enameled, the heels tinted.

VICTOR, returning with the service plates, reported Mrs. Everson's magnificence to Mrs. Malone.

"Try to see, if you can! There they sit, conversing, as if they were in Paris or New York. She has half a million in jewels on her fingers!"

He struck his forehead with the back of his hand.

"Her perfume, Malone! It smells of ginger flowers and sandalwood and jasmine. All for what?"

"Maybe Rudy?—Here, the soup..."

Later Victor brought a compliment: "She says the ragout is excellent."

"It's not a ragout," Mrs. Malone said sharply. She felt dizzy and ill-tempered. The heat out of doors had penetrated the trailer in spite of the cooling system. "I cooked the rabbit the way the French cook Belgian hare, with wine and spices. But she wouldn't know the difference."

A MOMENT later she heard the festive pop of a champagne cork.

"They are drinking toasts," Victor reported.

Success Of Anti-Fly Campaign Depends On Individual Citizen

With the campaign to rid the city of disease carrying flies already off to a good start Jacksonville citizens are asked to remember the success or failure of such a movement depends to a large extent on their individual efforts in keeping their own premises clean. For complete success, everyone must work together and do his work thoroughly for complete results.

Couple, 70, Visit Naples In Tour Of North America

Naples—Mr. and Mrs. Charles W. Cook of Nehalem, Ore., are visiting at the home of their cousins, Mr. and Mrs. John Haley.

Mr. and Mrs. Cook, both of whom are past 70 years of age, left their home March 23 and have since traveled 15,000 miles, covering 42 of the states and five dominions of Canada.

Following their return from this trip they will have visited all 48 of the states, all ten dominions in Canada and Mexico.

Attend Dinner
A fish dinner honoring Melva J. Kiser of Ethan, S. D., was held recently at the home of her aunt and uncle, Mr. and Mrs. Harlie Hill, with 73 relatives present.

The food was placed on a large hay rack out in the yard and the fish was fried outside.

Miss Kiser will return to South Dakota Friday.

Tractor Parade To Highlight Day At Winchester Picnic

Winchester—A novel tractor parade will be one of the most interesting of the features which will top the program arranged in connection with the big burgeois picnic of the Winchester Legionnaires today.

Scott county boys are planning elaborate decorations for their tractors; one will build his artistic display around a pet coon situated on the vehicle.

Buckets of 1,000 gallons of burgoo soup were in various stages of preparation Wednesday for the supper which will be the largest in the 60 year history of the event. Cliff Allen and his assistants are directing all arrangements.

During the afternoon, Everett Brockman as Master of Ceremonies will conduct a program including performances of the Prairie Pioneers and several contests.

A band concert will be played by the Winchester-Bluffs high school band, Thursday evening and outstanding quartettes from west central Illinois will be on hand to compete in a contest of barber shop quartette singing.

A good ending to the day's festivities will be supplied by the appearance of Earl Goforth and his orchestra for a dance from 9:30 to 12:30 p.m.

Judges for the tractor parade will be Walter DeShara of the Jacksonville Journal Courier and Attorneys Lewis Grigsby and Keith Hubbard of White Hall.

Farm Bureau Men To Inspect Plants

Thirty members of the Morgan county Farm Bureau will leave Jacksonville early Thursday morning for an inspection tour of two plants recently acquired by the Illinois Farm Supply company, Farm Bureau cooperative. The trip will be made via a chartered Trailways bus.

The group will first inspect the oil refinery at Pana, the source of diesel fuel used by the Jacksonville municipal light and power company. From there they will go to Fairmount City to attend an open house program to be held at the new fertilizer mixing plant.

J. D. Bunting, manager of the Morgan county Service company, is in charge of arrangements for the day.

Relatives Attend Party For Two Boys

Patterson—A group of relatives gathered at the home of Mrs. Naomi Coker and sons Monday evening for supper, in observance of the birthday anniversaries of Lowell Coker, whose birthday was on Sunday and that of Arthur Ford of Roodhouse, which was on the following Tuesday.

Those present were Mr. and Mrs. Arthur Ford, and Mr. and Mrs. Loren Ford of Roodhouse; Mr. and Mrs. Walter Ford and daughter, Ann, of White Hall; Mrs. Frank Devine of Jacksonville; Grace Ann Ruble of Pittsfield; Mrs. W. S. Ford, of Dodge City, Kans.; Mrs. Elizabeth Coker, and Mrs. Naomi Coker and sons, Lowell and Raymond.

In loving memory of Harry Z. Pate who passed away one year ago today.

"Our Dad"
Words I cannot find to praise
A sterling character that we knew
Forever a grin upon his face
Love and loyalty in his eyes of blue,
Somehow we still feel his hand
Tenderly helping us on our way
And we each try to understand
But oh, how we miss him every day.

Morgan And Cass Teachers Study Conservation

Virginia — B. W. Smith, Cass county superintendent of schools, announced Wednesday that 18 Cass and Morgan county school teachers completed a conservation course held last week.

Each morning the class met with the instructor, W. D. Masters of the University of Illinois at the Virginia high school. Field trips were made during the afternoons to see actual conservation work being done in Cass county.

These trips were arranged by E. E. Lamont, Cass county farm adviser. He was assisted by Sherman D. Orr, county conservationist, H. F. Riggs, conservation aide, and Nels Glisne, state director forester.

One objective of the course, Mr. Smith said, "was to develop the ability to recognize conservation as a desperately important local, state and national social problem that deserves the immediate consideration of all Americans."

Teachers taking the special course included: Virginia, Odah Livingston, Celia Greenwood, Leta DeFries, Marie Turner, Eva Brannan, Clara Lowe and Lois Achue; Arenzville, Ruth Brasell; Beardstown, Marguerite Dieckhaus, Lucille Sansom, Mabel Black and Naomi Markille; Bluff Springs, Dorothy Jones and Opal Pate; Ashland, Mildred Vlands; Jacksonville, Lou Emma Deen and Louise Bohl; Chapin, Orlenne Aurdenkamp.

Organisms Live 15 Days
Disease organisms have been known to live in the fly for as long as 15 days, and these may be deposited by direct contact, through saliva which the fly produces to dissolve its food, or in the fly's body wastes. As many as four million bacteria have been found on the body surface of a single fly and twenty-eight million in the gut of that fly.

Breeding primarily in decaying organic matter, houseflies frequent barnyards, privies, garbage dumps, animal carcasses and other foul-smelling materials before they discover human food upon which to crawl and deposit their cargo of germs.

As a simple, but effective demonstration, lime has been placed in privies and later noted on flies around kitchens and on food.

Carry Disease
In a Chicago water-borne epidemic of typhoid fever, typhoid bacteria were isolated from 5 to 18 houseflies captured near the sick-room. Control of one fifth-borne disease by sanitation has often led to improvements in other disease incidences. This fact has been so apparent that good housekeeping and general cleanliness are well recognized as methods of disease control even when causative agents are not known.

Besides endangering health, flies are an annoyance to both man and animal. For these reasons, many authorities brand the common housefly as man's most dangerous enemy.

A city free of flies means a happier, healthier life for all, experts say.

Boy, 7, Takes 23 Doses Of Sleeping Pills, Awakens

Omaha, Aug. 3.—(AP)—A seven year old boy who dozed enough sleeping pills to put 23 normal adults to sleep, awoke today after some 36 hours of drugged unconsciousness.

Hospital attendants said they believed death had been cheated. Sandy-haired young Trevis Wissenburg talked, took liquid nourishment, appeared to be recovering.

The uphill fight to save the youngster's life started Monday after a sister found the boy standing by a medicine cabinet in his home, empty bottles before him. His mother, Mrs. Lova Wissenburg of Carter, Iowa, an Omaha suburb, had instructed the boy to take a nap while she went to a nearby store.

"I took every single one, Mommy," the boy related today after regaining consciousness. "You told me to take a nap but I couldn't sleep."

The pills and capsules had been used by Trevis's father, who was killed in a truck accident five weeks ago.

Doctors figured the boy took 23 pills and capsules of a barbiturate type drug. One pill or capsule normally will put an adult to sleep for six to eight hours. Dosage for a child would be considerably less.

2 Killed, 18 Hurt As Truck Skids In Front Of Bus

Laurel, Md., Aug. 3.—(AP)—A big tractor-trailer jackknifed across the Washington-Baltimore boulevard in a rainstorm today and a crowded bus smacked into it. Then an automobile caromed off the truck.

The multiple accident killed two persons and injured about 18 others. Traffic on the road—busy U.S. Route 1—was tied up for a mile in either direction midway between Washington and Baltimore.

Injured passengers were trapped in the Greyhound bus. Nine ambulances were sent to the scene. Some of the bus riders were given first aid outside the vehicle.

Others were carried out in stretchers through a jagged hole in the front end.

The injured were taken to hospitals in Baltimore and suburban Washington.

University hospital in Baltimore reported a man identified as Harold M. Quenzer, 42, of Baltimore, died soon after arrival there. Three others were treated at that hospital.

One of five persons taken to LeLand Memorial hospital near Washington—an unidentified woman—was pronounced dead on arrival. Eight others were treated in Prince George's County hospital at Chevy Chase, Md.

Historic Speech Made By Mayor Mathers In 1867

By Robert E. Bradley

One of the most significant, and certainly one of the most interesting speeches ever made in Jacksonville was made on April 8, 1867 at the first meeting of the new amended charter city council. It was made by John Mathers, mayor, who had defeated Eliazur Wolcott by 173 votes in a hard fought election several weeks before.

Actually, the city had been functioning as such for many years. When the act establishing the County of Morgan was passed, January 31, 1822, not an inhabitant dwelt on the future city's site, but there were settlers here by 1825.

Jacksonville was incorporated as a town by an act of the General Assembly put in force April 6, 1840 and undoubtedly the president and trustees of the early town kept records. Unfortunately, these have disappeared and City Clerk John R. Phillips has no idea as to what happened to them.

And so it has come to pass that the historic speech by Mayor Mathers is recorded in the first record book, almost on the first page.

Made Usual Remarks
The new mayor, after making the usual introductory remarks which somehow always find their way in inaugural addresses, left the area of the common and went into the unusual.

"While I do not propose in this short communication to become a historian of Jacksonville, yet, it may be deemed inappropriate, nor considered in bad taste very briefly to allude to the past, present, and future of our beautiful city."

"Admitting, as we freely do, that we have not increased in population as rapidly as some of our sister cities, yet, our prosperity in this as well as in many other respects, gives evidence that 'the day of small things shall not be despised.'"

"Nearly 37 years have passed away, since the presiding officer of your council settled in this locality. At that time Jacksonville was not incorporated as a town, and numbered less than 500 inhabitants. Then the different religious denominations—the entire community and for several miles adjacent, occupied alternately, a small log house, twenty feet square, for sanctuary and school purposes."

Erected In 1823
No doubt the mayor was referring to the old log school-house, erected probably early in 1823. Judge William Thomas taught the first school there. It was used by the Methodists and Presbyterians as a house of worship, these denominations alternating with each other.

The little log school house is notable in another respect, for it was there that Dr. J. M. Sturtevant, first president of Illinois college, preached his first sermon in Morgan county. There too, he and Theron Baldwin pledged, with others, to establish Illinois college.

According to the "History of Morgan County" the first Catholic Mass was said in Jacksonville in 1851. Those of the Catholic faith built their church shortly after 1851 on a piece of ground on North Sandy street near the Waoash railroad tracks.

But back to the mayor and his historic speech.

Was A New Town
"Suffice it to say, Jacksonville at that date (1830) was emphatically a new town, and located in a new country. Yet the inhabitants, notwithstanding they were deprived of many of the conveniences and luxuries of life, seemed to be happy and contented, and the kind and social feelings, which generally characterize the emigrants, or settlers of a new country, prevailed to a great extent."

"At the same time, however, it must be conceded, that our new village was not an exception to the existence of a certain disturbing and demoralizing element, the sad evidence of which was visible, at least, on every returning Saturday afternoon on our streets and public square."

There is little question that the mayor was here referring to the "demon run" which was a burning issue throughout the 19th century and even gave rise to a political party.

Difficult To Duplicate
In tracing the progress of the city from its origin, the mayor expressed himself in language difficult to duplicate.

"Some 42 years ago, in April 1823, Jacksonville was first laid off as a town, but was not incorporated as such, till in 1831. From 1830 to 1833 the town and country alike improved with great rapidity, both in capital and population. But in 1833, by the prevalence of the Asiatic cholera, which carried off a large number of the inhabitants, its prosperity, for a time, was checked."

"Gradually, however, signs of recuperation became visible, and as time passed on, evidences of returning prosperity were seen in every direction. The weekly mail and stage coach gave way for railroad and telegraph."

The cholera epidemic hit in 1833 and carried off a great many of the inhabitants of the small settlement. For a while it looked as if the entire settlement would be destroyed, but the epidemic subsided as rapidly as it had come.

Influenced By Institutions
Even by 1867 the city of Jacksonville was influenced by institutions. The oldest of these, the State School for the Deaf, was authorized by an act of the General Assembly sitting at Vandalia in 1839. The school for the blind had been authorized in 1849, and the Central Hospital for the Insane in 1847. At that time the School for Feeble-Minded Children, now located in

Lincoln, had its site at the former home of Joseph Duncan, the present home of the D.A.R.

Speaking of the first three, and other institutions the mayor said, "Three magnificent and benevolent state institutions for the care and comfort of the insane, blind, and deaf and dumb, by the generosity of the people of Illinois were established and located at different periods in our midst—churches and colleges were erected—schools of various grades were established and maintained, and the cause of morality, Christianity, and temperance kept pace with the rapidly increasing population and prosperity of our town, until it is now, and has been for a number of years past, not only been recognized as the 'Athens of Illinois' but also the 'exemplar' for other localities in sustaining the noble cause of temperance."

Against 'Stingy' Government
Putting himself on record against "stingy" government, the words of the mayor on public finance did not put him in the category of New Dealism.

"The amount of improvements necessary to be made during the present year, the cost of the same, and the compensation to be paid to the city officials, as well as the necessary taxes to be levied to meet the same will, doubtless, engage your serious attention."

"While I would not recommend a parsimonious or contracted policy in the expenditures of our municipal government, neither would I on the other hand, favor or advise the adoption of any wild or Utopian scheme, or schemes of improvement, nor the paying of exorbitant salaries to the officers or agents, which necessarily would require an oppressive taxation of the people."

Suicidal Policy
If the present suicidal policy of the General (National) Government is continued by which four million per month of our currency (which costs the people no interest) is destroyed, or converted into an interest bearing debt, it strikes me that at no distant day, prostration of business and almost universal bankruptcy will be the result."

Those who remember their history will pat the mayor on his forehead for memory for foreseeing perhaps the second worst panic which ever hit the United States, the panic of 1873.

In summing up the speech Mayor Mathers said, "... But while I recommend prudence and caution, I do not wish by any means to be understood of advising inaction, and hope and respectfully recommend, that the improvements which may be determined on, shall be of a much more permanent and substantial character than such as have been made in the past."

And there it is, the inaugural address of the first mayor under the new charter, made before the city council on April 8, 1867.

Four Youngsters In Greene County Ill With Polio

Carrollton—Donald Lee Orris, five-year-old son of Mr. and Mrs. Floyd Orris of Carrollton, who was taken to St. Anthony's hospital in Alton Monday suffering with infantile paralysis, makes the fourth victim of the disease in the county to date, according to the records of Brace Dawson, county chairman of the National Foundation of Infantile Paralysis.

Two others of the four are from Carrollton. They are Ronald Anderson, son of Mr. and Mrs. Emmert Anderson, and Walter Earl Laris, son of Mr. and Mrs. Walter Laris. The fourth child is from Kane.

All four are in St. Anthony's hospital in Alton.

Want Ad Gets Man A Wife In A Hurry; He Had His Pick

St. Joseph, Mo., Aug. 3.—(AP)—Charles Donaldson and his want ad bride-to-be made wedding plans today.

The 21-year-old former soldier in the fifth Air Force said in the ad he wanted a wife in a hurry. That was Tuesday, Saturday night he will be married to Miss Irene Krebs, 18, one of the many who answered the advertisement.

Donaldson came home from the service to find most of his old girl friends had moved away or had married. His partner in a general contracting business, Orville Montmore, was getting married next Saturday night. They wanted a double ceremony, but Donaldson lacked a bride.

"Wanted: Girl, under 21, to get married by Saturday," read the ad. Charles was swamped with calls.

"The response was terrific," he said.

He added that he didn't get a chance to keep track of the number which swamped the dial system. Some callers admitted they were over 21. Some said they were 15.

To prove it wasn't a gag Charles agreed to meet one of the callers at a drug store last night. She was Miss Krebs, with black hair and blue eyes.

CITY CLERK INSPECTS OLD RECORDS

City Clerk John R. Phillips is shown glancing at some of the historical records of early meetings of the Jacksonville city council which are on file in his office in the City Hall. In today's paper an account is given of a speech made by John Mathers who was elected mayor in 1867. Among other things, Mathers condemned the policy of the National Government which he said was committing suicide by destroying four million dollars a month.

Mayor Mathers' speech, which was his inaugural address is said to be one of the most significant speeches ever made before the city council.

White Hall Couple To Mark 57 Years Of Marriage Today

White Hall—Mr. and Mrs. C. F. Shive, who reside on E. Sherman street, will observe their 57th wedding anniversary today. No special celebration is planned by the couple.

They were married Aug. 4, 1892, at the home of Mrs. Shive's parents in Nebo, Ill., by Rev. Frank W. Lewis. She is the former Louisa Scanton.

The Shives have four children, Claude and Everett of Peoria, Mrs. Orville Guthrie of Pleasant Hill and Mrs. Otis Joutet of White Hall; 13 grandchildren; and four great grandchildren.

Virginia Jay Cees Say Recent Music Festival Success

Virginia—It was announced at the regular meeting of the Virginia Jay Cees which was held in Legion Hall on Tuesday evening that approximately \$100 was secured from the music festival and donations.

Spokesmen say this is a fine start towards the lighted ball field and complimented members on their efforts, especially John Schaeffer and Henry George McDonald who were co-chairmen for the event, which was held on July 19.

Plans were completed at the meeting for the trip to St. Louis to see the Cardinal and Braves game on Thursday. Twenty-five children are going in cars furnished by persons from Virginia.

Joe Loring of the CIPS company was present and presented the situation on the availability of poles for the field.

Young Wife Raped In 11-Hour Sex Orgy By 10 Men

Tacoma, Wash., Aug. 3.—(AP)—Superior Judge W. A. Richmond issued warrants today for the arrest of 10 Tacoma men charged with the 11-hour rape of a young housewife.

Two policemen testifying today said the woman was picked up by the men at 5 p.m. May 27, taken into a brushy region and repeatedly raped. She was released nude on a downtown street at 4 a.m. the next morning.

A civil suit has been filed by the woman's husband asking \$100,000 damages for the attack.

The 10 men have been free on their personal recognizance since the alleged sex orgy. The woman, 18, has since been committed to the Western State hospital.

The warrants were issued by Judge Richmond under a state statute which allows the court to act without the assistance or request of the prosecuting attorney's office.
